Greater Milwaukee WI: February 13, 2018 – Available now, Simply Trivial is a classic trivia game available on the Apple Store. This laid-back trivia game offers hundreds of custom questions in 10 general-knowledge categories and specialty sets of questions on a variety of topics such as Television and the 70's.

Simply Trivial provides hours of fun in a non-competitive atmosphere with pleasant music and a relaxing, retro environment. Users play at their own pace earning awards and Simply Trivial "Caps" to use on game hints or to purchase specialty sets of questions. And, gameplay won't be interrupted with ads, because Simply Trivial has no advertising.

"We love trivia, but we were seeing a trend in current mobile games where the trivia questions were really being overshadowed by other aspects of the game," said Julie Pabich, Principal, and Quizmaster at Northern Bound. "We wanted to bring the questions to the forefront of the game to allow people have an enjoyable experience without distractions."

"In short, Simply Trivial is a trivia game created for people who love trivia."

Simply Trivial is a free-to-download app, with in-app purchases, and no advertising. Simply Trivial will continue to add more content in the coming weeks, particularly with more sets of specialty topics, like the 80's, Toys & Games, U.S. States, St. Patrick's Day and an Easter edition.
